# 2022-2023

A year  
filled with  
**FUN**  
**AND**  
**LEARNING!**

Welcome to Alpha Elite High, a premium institution established in 2004, and affiliated to the Central Board of Secondary Education, New Delhi, in 2020.

With the Vision to enable Access to Learning for all Learners, we at Alpha Elite High, train our students to excel in academics with character to become prudent Visionaries for a better tomorrow. Arise and Shine being our guiding principle, we inculcate the core values of our institution each and every day to our children namely Faith in God, Moral Integrity, Academic Excellence, & Social Responsibility.

Our school is spread across a land, spanning about 7 acres. We have two blocks with enough classrooms, equipped with interactive digital smart boards and lab facilities, with qualified and trained staff to meet the educational needs of your child.

Alpha Elite High is committed to help our children perform their best, each according to their own potential. Emphasis on realizing the desired academic outcomes and competencies is the core of the teaching fraternity of our school. Also, to uplift the students who are weak in academics, special personalized attention is provided to them to improve their academic performances.

The school also provides an environment for passive learning that increases their interest towards learning. We, at Alpha Elite High, are convinced that education is not only about academics. Every student deserves to become excellent in his/her own area of interest, according to their potential.

Alpha Elite High is committed to realizing this dream in every child. Hence, apart from the academic endeavors, we constantly take steps to see that equal opportunities in various areas are given to each child for developing various skills that are necessary to compete in today's world. Co-curricular activities are made mandatory where activities like crafts, competitions, clubs for nature, cooking and theatre etc., and extra-curricular activities like Kung fu and Professional Speed Skating etc., are provided for the children.

Apart from these activities, regular school level programmes like Children's Day, Teacher's Day, Annual Day, Sports Day etc., field trips, and participation in various inter school competitions quizzes, science fests, news reading, story-telling, and art competitions etc. are encouraged. Alpha Elite High is on road to setting high standards in our society by being a model to be followed. We discipline ourselves in thought and deed to produce the best out of our pupils.

We aspire to do even greater things for the benefit of our students in the days to come, to excel in academics and in character to become prudent visionaries of tomorrow. We extend our heartfelt thanks to all our parents and other stake holders of our school, who constantly motivate us and provide us with your valuable suggestions for the betterment of our school.
